We create classics

Good shapes and beautiful curves are appreciated all over the world - just like the beauty of nature.

According to *look back to go forward*, we rediscovered visions.

With respect

every single sculpture is produced

- as a replica of the archetype
- by carefully working artists
- in local manufactories

All pieces of furniture are distinctively authorized

- under licence of the artist
- respecting rights and saving quality

Presenting classic design:

Early vision

an outdoor furniture collection

by Prof. Luigi Colani

1967 created by *Colani*

The shape

went down in history

As early as 1967, Luigi Colani created these pieces of furniture.

Based upon his keen sense of ergonomics, he designed human-engineered and extremely comfortable sedentary furniture.

Then - ahead of the times - prototypes were produced at a limited-lot production.
